

NORTH WEST MENTAL HEALTH WINTER CONTINUOUS IMPROVEMENT EVENT

You are invited to attend the North West Mental Health Regional Winter Event focusing on responding to winter pressures through a continuous improvement lens. The event will bring together key stakeholders involved in supporting and delivering the mental health agenda including Trusts, ICB and system partners, and NHS England regional and national colleagues. We will also be joined by David Fillingham CBE, Chair of the National Improvement Board, NHS Impact (Improving Patient Care Together) providing the key note speech.

Key Objectives

- Explore how Quality Improvement (QI) approaches can drive delivery of improved services and outcomes for our population.
- Share learning on initiatives that have improved patient flow to support the North West winter response.
- Prepare for winter and beyond by establishing a network of learning sets across the Region to enable adoption of learning and continuous improvement.
